CLR-Q

Lube, Cable Pulling, 1QT, Indoor Use

Designed for use within electrical or datacom cable pulls. Clear and colorless for quick and easy clean-up, this lube is environmentally safe, non-hazardous, non-toxic and non-corrosive. It's easy to apply either by hand, brush or pump, made from a polymer base with no silicon additives. With a three-year shelf life and no deterioration in the lubricants performance, this bottle will last you a long time.
