TSR1W-XA

3/4" One Piece Surface Raceway, 6 & 8-FT lengths

This low voltage TSR surface raceway system is a one piece latching duct designed to contain, route and protect wire and cable when it is not feasible to run it within the wall. It is manufactured from a 94 V-0 PVC and features a superior adhesive which conforms to most any surface. Designed with a flexible hinge, the raceway allows numerous openings without creating discoloration or stress cracking. The self-locking, hidden positive latch allows for quick re-entry as well as secure installation of wire and cable.

Features & Specifications

PRODUCT DIMENSIONS

Length (L): 6 ft or 8 ft

Width (W): 0.75 " / 19.05 mm

Height (H): .5 "

MATERIALS AND SPECIFICATIONS

Material: Polyvinylchloride (PVC)

Material Specification: RoHS
